HELPING BUILD
BETTER CITIES™

About Women Build

The goal of Habitat for Humanity Manitoba's Women Build program is to empower women to help families build strength, stability and independence through affordable homeownership.

Under the guidance of construction professionals and experienced Women Build crew leaders, volunteers develop their building and leadership skills through hands-on experience at a working construction site. Women Build welcomes people of all genders and backgrounds.

Manitoba's Women Build program was established in 2005 and has constructed 22 homes to date. The Women Build committee hosts multiple events throughout the year to raise the funds needed to construct an affordable home for a working family to purchase.

Help us raise \$150,000 in 2026, that will be used to help build the 23rd Women Build sponsored home.

Meet Jacq and her son Asher

Originally from the Philippines, Jacq and Asher immigrated to Canada in 2012 in search of new opportunities. Jacq, a trained occupational therapist, chose to begin working right away to build stability for her family. Since 2016, she has worked in an administrative role with an IT consulting firm where she is highly valued. Until now, she and Asher lived in an unsafe downtown rental that lacked the security every family deserves. Now, Jacq is purchasing her very first home, a place where she and Asher can finally feel safe and secure. She has also volunteered on the Pandora build site, showing her deep commitment to her future neighborhood.

About Habitat Manitoba

Habitat for Humanity Manitoba is an independent, not-for-profit charity, building affordable housing and promoting homeownership. We mobilize local volunteers, community members, and donors, and corporate partners, seeking to build strength, stability, and self-reliance through shelter.

Habitat Manitoba has helped over 500 Habitat families across Manitoba and in Kenora, ON.

Meet Morgan and Amber – the passionate duo behind Good Neighbour Brewing Co.

Join Habitat for Humanity Manitoba's Women Build Committee for breakfast on International Women's Day to hear from **Morgan Wielgosz and Amber Sarraillon, first all-female and 2SLGBTQ+ owned and operated brewery in Manitoba - Good Neighbour Brewing Co.**

Good Neighbour Brewing Company is a neighbourhood brewery nestled in the heart of the West Broadway area of Winnipeg, MB. They are proudly Manitoba's first all-female and +2SLGBTQ owned brewery and one of few in Canada, and are also happy to have been named the New Brewery of the Year (2023) winner at the Annual Canadian Brewer's Choice Awards.

They pride themselves on having a little something for everyone - their portfolio of beers and non-alcoholic beverages is crafted to provide a fun and engaging range of approachable and innovative styles.

We are proud to honour Good Neighbour Brewing Co. as a keynote. Their commitment to community, inclusivity, and good times perfectly embodies the spirit of this event.
