Team Build Days

2026

Get ready for a truly rewarding experience

- Give your employees a unique team building experience
- Enhance your company's brand
- Provide a fun, interactive way to give back to the community
- Cultivate an energetic and unified workforce
- Develop new construction skills
- Engage in a unique opportunity with friends, family, and clients

Investing in a Habitat Team Build Day is an investment in your people, your community, and your corporate brand. It fosters high employee engagement, strengthens connection to a meaningful cause, and creates lasting impact within the community. We welcome participants of all skill levels and abilities to join us on our build sites – no construction experience needed. We supply everything your Team needs for a rewarding and memorable building experience.

Your participation will have a lasting impact

Since 1987, Habitat for Humanity Manitoba has worked with organizations like yours to help over 540 families in Manitoba and Kenora, Ontario build strength, stability and independence through affordable homeownership. While this work has had tremendous social impact, it has also helped supporting partners achieve their organizational goals.

Organizations who have participated in Habitat's team building opportunities have reported the following benefits:

- Enhanced company image amongst employees and customers
- Increased employee morale, collaboration, and productivity
- Improved workplace culture
- Improved talent recruitment and retention
- Reduced absenteeism
- Leadership development
- Community engagement

Together, we build a better future.

Habitat for Humanity builds, retrofits and finances safe, affordable homes locally and around the world, working alongside the individuals and families who buy them.

We bring people together to build homes, strengthen communities, and create opportunity. At Habitat Manitoba, we are committed to affordable housing and to fostering equity, inclusion, and diversity in all that we do. Our work creates space for individuals to contribute fully to a collective effort that transforms lives.

The social and economic benefits of Habitat's homeownership program reach far beyond individual families. They bolster Canada's economy and productivity into the future. In a five-year period from 2019-2023, the total economic footprint of Habitat's work to build and rehabilitate homes was **\$311 million**, generating nearly **\$40 million** in tax revenues.

After moving into their Habitat home, families see improvements in:

Health

73% of families say their physical health is better

79% of families say their mental health is better

Education

41% of adults start or complete additional education

50% of families' children are doing better in school

Financial security

51% of families say their financial security is better

Employment

44% of adults improve their employment

Community Involvement

50% of families take part in more community events

50% of families volunteer more

Team Build Sponsorship

All levels of sponsorship will receive the following benefits.

- Choice of a build day from our Team Build calendar, May to October, for 5 - 50 participants - first come, first served.
- Access to our optional peer-to-peer fundraising tool. We will help you set up a fundraising page to make it easy for friends and family to support your Habitat Team Building efforts.
- Online safety training prior to the build day, on-site construction training and personal protective equipment (PPE) provided*.
- Habitat t-shirt for each participant
- Water, lunch and snacks
- Downloadable digital photos
- Social media recognition
- Invitation to Key Ceremony when a family receives the keys to their new home
- Tax receipt in accordance with CRA guidelines
- Multi-year partnership agreements available
- Invitation for two representatives to attend Habitat for Humanity's Gratitude Event with Habitat families, taking place in October 2026.

***Mandatory completion of online safety training for each participant prior to your build day and attendance at the morning build site safety talk.**

Habitat Build Day

Teams participate in a build day, 8:15am to 4:00 pm during our May to October build season.

Habitat Home Sponsorship

Sponsor the full construction of a home. To explore our corporate sponsorship opportunities and learn how you can support the building of a Habitat home, contact us for more details.

What to Expect

Prepare to frame, joist, and build walls! Your safety is our top priority. All participants must complete online safety training, attend the morning safety briefing at the build site, and wear the provided PPE. Our Habitat Manitoba staff and volunteers will ensure your safety throughout the day. Lunch is provided, along with snacks and water available all day long.

Watch how together, teams turns strength into action and action into impact.

"Home is a very important word. It is where we come from, where we go to in times of great joy and great sorrow. Home is warmth. Home is memories. Home is our safe place, where we keep the things most dear to us, our family. For some, "Home" is only a dream. Habitat for Humanity allows community members who can only dream of having a safe, warm place to live to finally have their own home. They've put in the sweat equity; we are volunteering to help build and with your generous donation we can make their dream a reality."

"I have the privilege of witnessing the incredible impact of teamwork every day on the build site. When teams come together, they're creating more than homes – they're infusing every wall with camaraderie, laughter, and joy. These moments shape the future for families and strengthen the foundation of community. Volunteers, donors, and sponsors aren't simply giving time or resources; they're planting seeds that grow into children's dreams and parents' confidence in tomorrow. The impact we create together isn't just lasting – it's truly life-changing."

~ With gratitude, Michele
